The Auction Difference

A Night for Greenhills brings together the entire community to celebrate our school and the remarkable teaching and learning that takes place each day in our classrooms, forums and hallways. Current families, past parents, faculty and alumni all attend this special evening. Their enthusiasm and support helps ensure a bright future for Greenhills and all its students.

Proceeds from this event support critical needs such as curriculum development, acquisition of teaching tools and supplies, fine and performing arts supplies, programming, athletics, financial aid and improvements to the building. Funds raised at *A Night for Greenhills* help sustain a great school experience for all our students.

This year, the auction centerpiece is the **Friedlander Outdoor Learning Center**. This area will be a learning space, available to all disciplines, near the ponds, streams and forest at the north end of the Greenhills campus. Because it is outdoors, the Friedlander Outdoor Learning Center will be the most appropriate place on campus to learn about the natural world.

But it will also be more than that: the space will be available for numerous other activities, including rehearsals, performances, discussions, quiet thinking, and community-building.

There is no better way to honor Tom and Martha Friedlander and their long-standing commitment to bring the natural environment home to future generations of Greenhills students. We hope you will bring the Friedlander Outdoor Center to fruition tonight.

From the Head of School

Dear Friends:

Welcome to *A Night for Greenhills*, a celebration of the spirit of community that has sustained our school for nearly 50 years. That sense of community provides the underpinnings of our past success, and will ensure our students' continuing success in the years ahead.

You will be pleased to know that the school continues its habit of outsized achievement. Already this school year our students have:

- accomplished an undefeated league season in boys varsity basketball;
- won a sixth consecutive state championship in boys tennis;
- delighted audiences with the Middle School musical "You're a Good Man, Charlie Brown" and the Upper School play "The Caucasian Chalk Circle;"
- earned the right to send a National Science Bowl team to Washington, D.C. for the national competition – in the club's first season of existence.

And that's all *outside* the classroom. Within our walls, students have continued the work that defines Greenhills: they've studied Cervantes, been amused by Molière, and been enchanted by musical historian the Rev. Robert Jones, Sr. They've examined the work of Euclid, studied the poetry of Rita Dove, and applied the Pythagorean Theorem. They've glazed pottery, painted portraits, and captivated audiences of their own with beautiful music.

Make no mistake: it wouldn't be possible without your support.

Your demonstrated generosity extends beyond the financial. It also includes your tireless service toward the betterment of our school – service which is perhaps exemplified by the extraordinary efforts of the people who planned this evening's events. The enthusiasm, enterprise, and elbow grease of auction chairs Steve Berger, Elizabeth DeRose, Chris Hugly, Ros Johnson, Terry Morrison, Christine Santucci, Christine Sotiroff, and Shireen Syed will be on display throughout the evening.

On behalf of everyone at Greenhills, I want to thank each of you for coming tonight. Now let's get started on a wonderful evening!

Warm regards,
